To whom it may concern-

I would like to thank you for this opportunity to share my concerns
with 8-30 g in my community.

I am a Representative of District 1 and Chairperson for Public Health &
Safety in Southport, CT 06890.

Recently, our community has experience a legal battle
with developers and 8-30g being allowed to change our zoning laws,
build high density buildings on inappropriate land, not meet the fire
& police safety requirements that our residence must meet.

Professionals in the safety field have stated these residence if built
If built would be at risk.

I understand the intention of 8-30g but to disregard our town charters,
zoning, police, fire, and safety codes are unacceptable.

Respectfully submitted,

Gaylord V. Meyer
District 1 RTM
